# Content marketing trends

“

The goal is not to be good at content.  
The goal is to be **good at business  
using content.**

Shafqat Islam,

”

But creating  
meaningful marketing  
**is harder than ever.**

**Based on 100M Pageviews Across  
232 NewsCred Customers,**

**Traffic from social  
media dropped 20%  
from 2017 to 2018.**

Based on a Sample 100M Posts in 2017,  
**Only 50%** of all content  
gained **4 shares** or  
more across all main  
social networks – half  
of what it was in 2015

# Where Twitter fits in your strategy

The #1 reason that people  
come to Twitter is to  
“Discover something new.”

Twitter Internal Data

# Timely campaigns are a better fit for Twitter than anywhere else

---

1

## Conversation

---

Use Twitter when you want feedback or back-and-forth.

---

2

## Control

---

Break your news on Twitter. Launch updates, promos, sneak peaks and, when needed, apologies.

---

3

## Back-talk

---

The brands that attract the most engagement on Twitter are often the ones that are willing to take a few risks.

Promoting a powerful Tweet can give it the initial momentum it needs to attract a lot of organic attention.

All organic strategies on Twitter should be supported by paid content and all paid strategies should have organic content.

**If brands aren't willing to invest in multiple campaigns, then they need to de-prioritize one of their growth goals.**

# Creative best practices

# Set your account up for success

---

1

Fill every field of your profile

---

“Why would I follow this account?”

---

2

Create visual consistency

---

Hone a visual representation of who you are and what you want people to focus on

---

3

Pin your pitch

---

Think of your Pinned Tweet as the answer to someone asking your account “what’s new?”

What do you want the audience to take away?

"I am hoping the audience will have not one, but many, 'aah and haa' moments. Our world and government are using "cult tactics" to separate and divide us with fear. Let's find some creative ways to make civility, truth, thoughtfulness, and empathy popular again!"

What do you want the audience to take away?

"How important it is to VOTE! To learn and take their civic responsibility with pride and action. It is up to us to do 'the heavy lifting', as her good friend Jim Hightower says. And how important Molly Ivins was, and is to our democracy, our sense of finding a way to agree to disagree and get back to unpolarizing our country. Democracy demands this and depends upon this. Molly knew that!"
